

The University of Massachusetts Boston: AL and AS Chart

At UMass Boston entering students may be awarded university credit for exhibiting college level proficiency through Cambridge International Examinations. The following chart is a list of Advanced Level (AL) and Advanced Subsidiary Level (AS) for which the university awards course credit. Grades of A-E are eligible for transfer credit for AL exams and grades of A-D are eligible for transfer credit for AS exams. Please submit official Certificates or have your high school make an official photocopy and stamp it as official. Students who repeat subjects in both AS and AL will only receive credits for AS or AL, but not both. This chart is effective for incoming students fall 2022 or later. We will review

Advanced Level Subjects	UMass Boston Course Code	UMass Boston Course	Distribution	UMB Credit
ACCOUNTING	AF 8000	Accounting Elective		6
ARABIC 9680	ARABIC 8000	Arabic Language Elective	World Language	6
