

BUSINESS CONTINUITY PLANNING FORM

Office of Emergency Management

1. Purpose & Scope

This form reflects the UMass Boston Business Continuity Planning Policy of the campus (FY14-A&F-006-00). In order to sustain the campus, individual departments must prepare for three different types of potential disruption: denial/loss of access to a facility; service interruption due to a reduced workforce; service interruption due to equipment or systems failure. By completing this form, each department establishes a plan for continuity of operations. This Business Continuity Plan refers to the actions to be performed by departments during and after a campus emergency. Each Vice Chancellor area will determine how departments should coordinate to address critical functions appropriately.
